#### **Responses to the Mass Murder in Nova Scotia**

With the rest of the country and church, and with the people of Region 15, we mourn the enormous violence and trauma created by one person. We pray, mourn, and act with the affected communities and with grieving families and friends. [Please see this message from our Moderator.](#)

#### **Now Hiring!**

As many people know, the United Church General Secretary, Nora Sanders, will be retiring later in 2020. The search process to find her successor is now underway. Details can be found on the United Church of Canada web site: [General Secretary Position Post](#). The deadline for applications is June 19, 2020.

#### **National COVID-19 Updates**

#### **Emergency Finances Information: Web Resources**

**Your homepage for all COVID related finances is here.**

The national church has now shared a new summary of [United Church-related emergency financial options](#). This includes a [bridging loan application form](#) that will be approved through your Regional Council. This is the first time in living memory that emergency loans on this scale are available to communities of faith nationally.

This program is made possible by a \$3 million grant from [The United Church of Canada Foundation](#). The money comes from the generous bequests of members over the years. Their gifts are ensuring the future of the church.

**Please note that the Federal Government's \$40,000 CEBA loan is now off the table.**

Please review all information carefully, as the order in which you proceed is important. [Here's an overview of things you'll need to consider](#) as you make a financial plan.

The continuing [weekly financial webinars at United in Learning](#) are also an important support, but please be aware that information in the older recorded webinars has likely changed.

### **April 29: Congregational Finances during the Pandemic**

This continuing Wednesday series keeps us up to date on financial aid that continues to evolve rapidly. Times: 4:00 PM in BC; and 5:00 PM in AB, NWT and SK. Access is through [United in Learning](#) or the [national church's YouTube channel](#). These webinars are recorded and can be watched after the fact.

### **April 30: Congregational Programming during the Pandemic**

During the pandemic, United-in-Learning is offering a weekly series for ministers and church leaders, with just-in-time skills and reflections intended to help us all respond to the unusual situation we find ourselves in. If you have specific requests or suggestions for future topics, please [CLICK HERE](#) to email us! [Here's full information on this weekly series](#).

### **Governance during the pandemic**

Several important updates and clarifications were released following the recent meeting of the General Council Executive. Congregational governance: a [governance overview](#) is here, and a [specific resource](#) here. There was also a [temporary amendment to some key pastoral relations policies](#).

### **United Church Emergency Support: Information and Application Form now Live**

The United Church of Canada has established a short-term emergency loan program for congregations during the pandemic. Emergency loans of up to \$10,000 are available to communities of faith that need short-term top-up after they have accessed the [government programs](#) available, or are transitioning out of the government benefits. Further information and an application form can be found here: [United Church Emergency Support: The United Church of Canada](#).

Please note that the regular Capital Assistance Loan and Grant programs will be on hold pending ongoing evaluation of the church's financial capacity to respond.

### **Refugee Sponsorship during "Distancing"**

The Refugee Sponsorship Training Program (RSTP) is a service and coalition that's often been very helpful to United Church communities of faith involved in the crucial ministry of welcoming refugees to Canada. The distancing we're all practicing makes some aspects of sponsorship and support very difficult. But if you're sponsoring a person or family, [here's a new and helpful bulletin of suggestions from the RSTP](#).

### **Racism during the Pandemic: A United Church Member Reflects**

From the beginning of this pandemic, incidents of racism against Asian communities and individuals have marred our communal response to COVID. [In this reflection on racism and COVID](#), Kim Uyede-Kai notes that, "The curve of the escalation of the disease of racism is rising with the curve of the escalation of COVID-19. While there is presently no vaccine against either disease to stop the spread of both, COVID-19 will eventually be eradicated. Racism will continue to mutate unless we make collective

efforts to stop the spread.” She concludes with practical suggestions that could help us identify and address racist comments and acts in our day to day conversations and relationships.
