

## **North-East Alberta Cluster**

The North-East Alberta Cluster comprises the congregations between Fort McMurray and Provost (north/south), and Lloydminster and Athabasca (east/west). The Cluster has met twice since the formation of the Regional Council: an initial gathering with just the clergy at Two Hills on 21 Nov 2019, and a gathering of the clergy and Regional Council delegates at Goodfish Lake Cree Nation on 5 Mar 2020.

At the March gathering, we decided to continue meeting regularly twice a year, September/October and January/February, with each session's time split between unstructured fellowship and a presentation followed by group discussion on a topic for church development (stewardship, evangelism, etc).

The fall 2020 gathering is scheduled to be held in Viking, though no plans remain firm during the ongoing pandemic.

A new coordinator for the cluster has not yet been named since the departure of the Rev. Taylor Croissant.
